LIGHT READY/LR PUSH BUMPERS

FEATURES FOR LIGHT READY/LR PUSH BUMPER

Go Rhino Public Safety introduces the Light Ready/LR Push Bumper for all popular police vehicles. The new LR Push Bumper carries the same tough look and function as other Go Rhino Public Safety Push Bumpers. The new LR Push Bumpers are "light ready" which means the holes and mounting points are built into the bumpers, they are ready for outfitters and agencies to install the lights of their choice.

- LR Push Bumpers are available in 2 and 4 light*configurations for Federal Signal, Code 3, Whelen and Sound Off Signal warning lights.
- Features a channel style light bar that provides easy installation of LED warning lights.
- Fully welded 1-piece H Frame construction provides optimal strength.
- Cross-Plate pre drilled for easy mounting of additional lights or other equipment.
- Will not interfere with SRS air bag systems.
- Durable powder coat finish.
- Replaceable PVC Push Rail Trim.

FORD INTERCEPTOR REAR PARTITION

Designed to offer ventilation, and secure cargo area behind the rear seat. Also available with polycarbonate fixed window.

FEATURES AND BENEFITS

- Heavy duty frame, panels and brackets are made of high grade steel with a durable black textured powder coat finish.
- Easy Install mounting system.
- Ships unassembled for the quickest install in the industry.
- 14 -Gauge High Grade Steel Seat Back Protection Panel
- The rear window is available in two configurations; a) 1/4" Polycarbonate Fixed Window Section b) Vinyl-Coated 11-Gauge Expanded Metal Window Section
- Extruded Aluminum Window Frame with Radius Edges
- Pre-Punched mounting holes for components provides easier assembly
- UPS-Shippable
